select option "0"

Suggestions for Grown-Ups

1. Cut out decoration schedule and place on a velcroed board (for pull-off schedules) or laminate (for check-off schedules).
For more information, see **How-To Template: Schedules** (www.handsinautism.org)
2. You can also use pages 4-9 to create a playbook. To do so, laminate the pages, cut them along the black line, and put together using a ring.
For more information on how to use playbooks, see **How-To Template: Playbooks** (www.handsinautism.org).
3. Help with cutting or pre-cut shapes before an activity. Modify the schedule if needed.
4. For sturdiness, use card stock for the card
5. **Have fun!**

You will need...

- ◇ Decoration schedule (see p. 2)
- ◇ Printed (and pre-cut if needed) shape (see p. 3)
- ◇ 1 sheet of card stock paper
- ◇ Scissors
- ◇ Glue
